Objective

A highly motivated and detail-oriented recent graduate eager to apply my academic knowledge and passion in Web development in a dynamic work environment. Looking for an opportunity to contribute to a team, enhance my skills, and grow within a progressive organization.

Projects

Gemini Chatbot 2023

- Python, Gemini , Natural Language Processing (NLP), APIs.
- Text input processing and response generation.
- Integration with external APIs for real-time data.
- Sentiment analysis and context awareness for better conversation flow.
- The chatbot successfully resolved 70% of customer queries without human intervention, improving customer satisfaction and reducing response times by 40%.

Ludo In Python 2023

- Python, Tkinter (for GUI), Random Module, OOP (Object-Oriented Programming).
- Developed a fully functional Ludo game with a graphical user interface using Python and Tkinter. The game supports 2 to 4 players, where each player rolls dice to move their tokens across the board, with the goal of reaching the home base. Key features include dice rolling, turn management, player piece movements, capturing opponent pieces, and victory condition checks.
- Addressed issues such as handling multiple players and edge cases in game logic.

Skills & abilities

Programming Languages : Java, C++, HTML, CSS, SQL, Network administration.

Databases / OS: SQL, MySQL, Linux, Windows, MacOS.

Version Control : Git, GitHub, GitLab.

Tools & Technologies : VS Code, Power bi, Tableau, VmWare, Hadoop, Docker, Kubernetes, Cisco.

Cloud Computing : AWS, GCP, Microsoft Azure.

Soft Skills : Communication, Problem Solving, Adaptable, Critical Thinking.

Languages : English, Hindi, Marathi.

Education

Poornima University, BCA 2023-present

Major: Computer Science | Minor: Cloud Technology

CGPA :- 9.00

Ahinsa International Jr. College, Commerce 2021-2023

Major: SP & IP | Minor: Economics

CGPA :- 8.77

Certification

Foundation of Cloud IoT Edge MI (NPTEL) May 2025

Participation in GDG Android Workshop Dec 2024

Developing Soft Skills&Personality (NPTEL) Oct 2024

Data Mining – NPTEL (IIT Kanpur) Mar 2024

Participation in Proyogram University Techfest Feb 2024
